

PRUTHVI NAGESH CHALASE

Full Stack Software Developer (React.js | React Native | Node.js)

 chalasepruthvi05@gmail.com |  +91 8971674355 | [LinkedIn](#)

PROFESSIONAL SUMMARY

Full Stack Software Developer with 2+ years of experience building scalable web and mobile applications across e-commerce and digital marketplace domains. Skilled in React.js, React Native, and Node.js with strong expertise in API development, microservices, and database optimization. Proven ability to deliver end-to-end features with a focus on performance, scalability, and seamless user experience across platforms.

DOMAIN EXPERIENCE

- E-commerce & Marketplace Platforms.
 - Cross-platform Mobile Application Development.
 - Backend API & Microservices Architecture.
 - Data Handling & Performance Optimization.
-

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), React.js, React Native, HTML5, CSS3, Angular JS

Backend & APIs: Node.js, Express.js, RESTful Services, Microservices

Database & Tools: SQL, Stored Procedures, Query Optimization, Redis

Development Environment: Git, Azure Data Studio, Postman, Xcode

Additional Skills: Debugging, Performance Optimization, Release Management, Code Reviews

PROFESSIONAL EXPERIENCE

Associate Software Developer (Full Stack)

Finmax Technologies – DealMagik | Mysuru | Oct 2023 – Oct 2025

DealMagik Web Platform (Marketplace Website)

- Analyzed business requirements and contributed to designing scalable solutions for a responsive web application using React.js
- Translated functional requirements into efficient backend services by building RESTful APIs using Node.js and Express.js
- Designed and optimized database structures, queries, and stored procedures based on application data flow needs
- Planned and implemented microservices architecture for authentication, notifications, and logging systems
- Identified performance bottlenecks and introduced Redis caching strategies to improve response time
- Collaborated with cross-functional teams to refine requirements, design workflows, and ensure alignment with business goals
- Participated in sprint planning, effort estimation, and technical discussions for feature implementation
- Executed debugging, testing, and performance tuning to ensure application stability and scalability
- Guided junior developers and supported issue resolution during development and release cycles

DealMagik Mobile Application (iOS & Android)

- Gathered and understood mobile-specific requirements to extend web platform features into a cross-platform application
 - Designed and developed mobile interfaces using React Native, ensuring consistency with web application workflows
 - Integrated and validated backend REST APIs for seamless data flow and real-time synchronization
 - Planned and implemented core features such as authentication, push notifications, and responsive UI components
 - Optimized application performance and ensured compatibility across multiple devices and operating systems
 - Managed build processes, testing cycles, and deployments using Xcode and Android development tools
 - Collaborated with backend and QA teams to refine features, validate requirements, and improve release quality
 - Contributed to release planning, version control, and continuous improvements based on production feedback
 - Diagnosed and resolved production issues, ensuring application reliability and smooth user experience
-

KEY ACHIEVEMENTS

- Delivered multiple stable production releases with minimal post-release defects
 - Improved application performance through database optimization and caching strategies
 - Successfully contributed to both web and mobile platforms ensuring unified user experience
 - Demonstrated ownership in end-to-end feature development and delivery
-

EDUCATION

Bachelor of Engineering (Computer Science)

KLE Technological University, Hubli | 2018 – 2022

ACADEMIC PROJECT:

- Developed a full-stack application using the MERN stack for managing patient records and administrative workflows
 - Designed role-based access and efficient data management features
 - Extended the web application into a mobile platform for cross-platform accessibility
 - Implemented data export and reporting functionalities
-

ADDITIONAL INFORMATION

- Strong analytical and problem-solving abilities
- Effective team collaboration and communication skills
- Adaptable and quick learner with evolving technologies
